## EDUCATION

### **BSc. Physics**

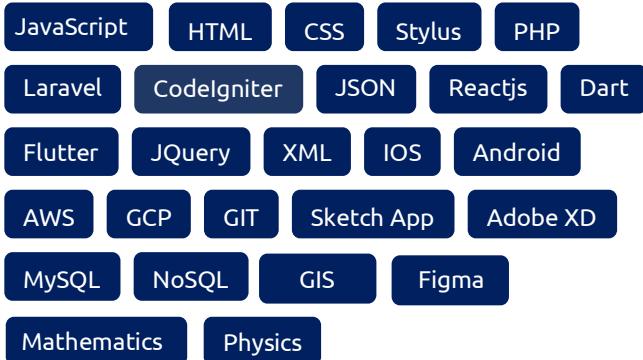

#### **University of Ilorin, Kwara State Nigeria**

12/2010 - 10/2014, Ilorin, Nigeria

Research Project

- Teaching Physics with Simulation Game in Secondary School

## Skills

## Work Experience

### **Co-Founder & CTO**

#### Smart Neighbourhood

Aug 2022 –Present, Nigeria

As the founder of smart neighbourhood software company, I am a highly motivated and results-driven professional with a passion for creating innovative solutions to improve community management and sustainability. With 8 years of experience in software development, I have a proven track record of success in developing and implementing cutting-edge technology to enhance the lives of community members.

### **Backend Developer**

#### Davton learn

Oct 2021 – Aug 2022, Lagos, Nigeria

I was a member of the team that developed Davtonlearn, a powerful learning management system for corporate organizations that offers packaged content services for DIY learning and engagement. This solution empowers companies to provide connected skilling opportunities that align with workplace relevance.

### **Frontend Developer**

#### Eklipse Technology

Mar 2022 – July 2022, Lagos, Nigeria

During my time at Eklipse Technology, I was in charge of the frontend design aspect, converting UI design from Figma to responsive web pages

### **Full-stack Developer**

#### Haul 247

Nov 2020 – Apr 2022, Lagos, Nigeria

Haul 247 is an end-to-end logistics e-platform with the aim to simplify Nigeria and Africa's freight industry, by leveraging technology.

As a developer, I created a logistics chain software application for the start-up company haul247.co, which later succeeded in raising over \$100,000 in seed funding from angel investors.

## Work Experience

### **Frontend Developer**

Novarick Homes and Properties Limited  
02/2020 - 11/2020, Lagos, Nigeria

*Novarick Homes and Properties Limited is a real estate development company, dedicated to providing remarkable housing across Nigeria*

At Novarick Homes, I held the position of full stack developer, responsible for creating real estate solutions and maintaining the company's current applications and websites.

### **Software Developer & ICT Manager**

Pan Africa College of Education  
12/2015 - 2021, Offa, Nigeria

*Pan Africa College of Education is an Educational Institution located at Kwara State, Nigeria.*

As a major role, I am responsible for developing effective strategies for engaging students and staff online, as well as creating solutions to attract new students to the college through the college's web application.

### **Lecturer & ICT Manager**

Cross River State College of Education  
12/2014 - 2015, Cross River, Nigeria

*Cross River State College of Education is a state educational institution located at Akamkpa, Cross River State of Nigeria.*

My responsibilities encompass: teaching, maintaining computer equipment, computing students' results, and creating software to resolve examination issues.

## PERSONAL PROJECTS

### **Smart Neighbourhoods (06/2019 - Psent)**

(<http://smartneighbourhood.com.ng>)

- Smart Neighbourhood software is designed to aid in the management of sustainable communities through environmental planning and design. Our approach emphasizes collaboration and citizen participation, with the goal of improving the quality of life for community residents and users.

### **Scholarship IQ (02/2022 - Psent)**

(<https://scholarship-iq.com>)

- world's most extensive yet personalised one-stop hub for users to secure global scholarship opportunities.

### **Study Purse (Fundraising Platform) (05/2020 - Psent)**

(<https://studypurse.com>)

- I designed an online fundraising solution, specifically created to address educational needs. The platform enables students to secure funding for their academic pursuits.

### **Hostels.ng (01/2016 - 12/2019)**

- I Co-founded Hostels.ng (now Student Homes), an online hostel accommodation booking service for the students looking for accommodation off-campus, link: <http://studenthomes.com.ng>

### **Haul247(haul247.co) (12/2020 – 04/2022)**

- Haul 247 is an end-to-end logistics e-platform with the aim to simplify Nigeria and Africa's freight industry, by leveraging technology.

### **<http://panafricoed.edu.ng> (12/2015 - 2021)**

- Pan African College of Education Website
- Student and Staff Portal Service.
